Every day new evidences of the value of this popular medicino reaches the ears of the public. A friend of the Bellion's, a contractor on the Pucific Rail Road, told him the ther day that he would not be without it on his see on any account, whatever. He finds constant use for it among his bands. The great value of this article has induced many worthless imitations under different, but similar names, but the persons who once use Bragg & Co's, liniment will not be deceived by any vile and rascally ches who would palm off a spurious preparation on them See advertisement in another column.

Holloway's Ointment and Pills have effected as Astonishing Cure of an Abreess that the Facuity pro nounced incurable.—Robert Parlett, mariner, of Wolsok en, near Wishesch, was afflicted with a dreadful abgress in the arm. He had been two years in a Hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the faculty, who pronounced him in be incurable; but after usin Holloway's Cintment and Fills for a short time the wound was completely healed, and his health permanently restored. This can be attested by Mr. Abraham. Callin, and other spectable inhabitants of the parish of Wolsoken.

The unprecedented success of Dr. Urban's An Bacchanglianjustifies usin recommending it to all whe re afflicted with that terrible Disease for which it is designed as a remedy. We are assured it is fully what It is represented, and that in the hundreds and thousands of any whereit has been used, not a single falure has occurr PROGLAMATION.

### MORE FIGHTING IN TURKEY! Regoliutions by the Allies!! BUELS IN SPAIN.

It is credibly reported that a British, French, and Turkish fleet entered the Black Sea on 10th Dec, their supposed destination being Schastapol. Three fourths of the squadron were left to

guard Constantinople.

The Czar having frequently declared that the entrance into the Black Sen would be considered by him, equivalent to declaration of war, the withdrawel of the Russian Ministers from Paris and London, was immediately looked for. The diplomatic corps continues as busy as ever. The Paris journals publish what purports to be a letter of instructions from the four powers, to the Amhasadors at Constantinople, calling on Turkey to acquiesce in a peaceful settlement, with the assurance that Russia intended no infringe-

It is said that the Persian declaration of war against Turkey was caused by a direct promise from the Czar to remit the debt and restore the disputed territories to Pensia. Prof. Wood — Dear Sir :— As you are about to prepare and rend your recently discovered Hair Restorative, and ar-you request my opinion of it. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the sppearance of having been recently oiled. I am prepared, the refore, to recommend its use to all who are desirous of having a beautiful head of hair.

Sr. Louis, Mo., May 5, 1662.

Dr. A. G. Bracca, & Co.,—Gents:—Tow will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your "Merican Mustage Liniment." My object in doing to was to try its meris upon my daughters arm, who has been suffering from the effects of a severe dislocation of the elsew for steered yearspast.

The exercutainty poin consequent upon a false soining of the boxe had dwindled and contracted her arm to a pusy size, and I considered it a daily devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.

Her arm was drawn to a right angle, and was almost increased and assesses until your invaluable Liniment was applied, since which time I am happy to state the hasesployed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.

I would state, however, that prior to trying your unequalied Liniment, I used several other remedies but without the least beneficial result.
